Why exhibit?

- ROBOTICS is a B2B trade fair focused on the markets of Slovenia, Croatia, and the wider region;

- ROBITICS is a promotional platform for presenting novelties, products, technologies, solutions and services

- Engage in networking:
  Establish new business contacts
  Foster existing business relations

- Improve brand awareness and strengthen your corporate image

- Spread knowledge – be part of the content-rich accompanying program by reading lectures, making presentations and live demonstrations, organizing seminars

- The visitors of B2B fairs are professionals who are looking for practical solutions to the challenges they face every day in their work

- Unlimited, free of charge invitations for visitors

- B2B Matchmaking – by using our web application, you can set in advance appointments with your business partners in order to guarantee optimal communication and enable offering solutions that fit your customer needs

- Save time and money – meet new and existing partners all in one place, in only 3 days

- Take advantage of our tools, *Newsletter* and *web News from the industry*, to introduce your company and publish information on technical innovations and new products for free.

  No matter what the goals of your company are, ROBOTICS will help you achieve them!

Ljubljana, Slovenia

First - hand information

The B2B trade fair **ROBOTICS** is the only event dedicated to robotics and unmanned systems that is being organized in Slovenia and the CEE region.

R O B O T I C S gives exhibitors a platform for presenting their range of robot technologies in both industrial robotics and service robotics sectors.

Alongside **ROBOTICS**, three other B2B events in the organization of ICM Ltd, will be running together to provide the industry with complete solutions.

IFAM - a B2B trade fair for automation, mechatronics, sensor technologies, measuring technologies, computer vision, etc.

**INTRONIKA** - a B2B trade fair for industrial electronics, electrotechnics, components, etc.

ICT4Industry - a B2B trade fair for digitalization of business systems and industry.

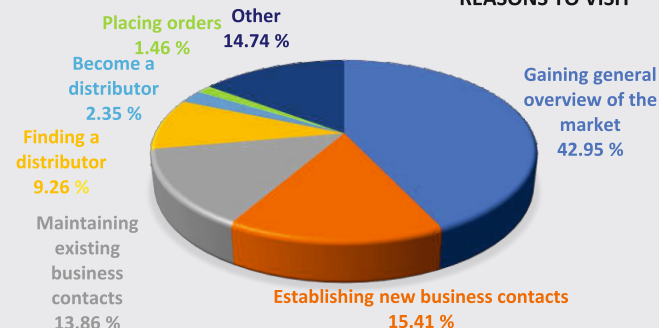

Exhibitors profile

Who will exhibit?

All companies that belong to the sectors of robotics and unmanned systems

- x Robot manufacturers - industrial, service, mobile, special robots
- x Robot modifiers
- x Robot diagnostics
- x Robot maintenance equipment
- x Robot distributors
- x Robot simulation systems
- x Robot research agencies
- x Robot solution providers
- x Robot periphery
- x Robotic parts and components suppliers
- x Robotics software - standard and task specific applications for industrial robots
- x System integrators
- x Robotic engineering
- x Programming for robotics
- x Publishers
- x Association. societies, non-governal institutions

Visitors profile

REASONS TO VISIT

Placing orders 1.46 %
Other 14.74 %
Become a distributor 2.35 %
Finding a distributor 9.26 %
Gaining general overview of the market 42.95 %
Maintaining existing business contacts 13.86 %
Establishing new business contacts 15.41 %

Target groups

Technical specialists and decision-makers who want to invest in future technologies effectively.

- x Aeronautics, advanced manufacturing, applications and cross platform development, automotive industry
- x Chemistry, construction industry, computing
- x Education, electronics
- x Food processing, furnishing
- x General services
- x Healthcare, home & life style
- x Infrastructure & connectivity modules
- x Logistics and operation
- x Mechanics, metallurgy, military
- x Pharmacy, plastic processing, platform & network management
- x Sensors and nodes, shipyard industry, smart buildings, smart cities
- x Textile
- x Other
